

Just a Little of This & That By W. E. W.

Crombie, Come Right Home!

A card from Crombie Allen of the Daily Report, Ontario, states that he is roaming around in Hong Kong, China. We don't know so much about Chinamen, but for some reason or other we are rather impressed with the idea that China is no place for Crombie.

We stay-at-homes send our beloved literary light around the world and he forgets to write us regarding his trip. When we, the "Deer Peepul," sent our famous Bob Harrison of the San Bernardino Sun down through the Panama Canal to New York, Bob repaid our kindness by writing every day.

Crombie says in closing: "Take this trip; you will enjoy it, but be glad to get back to Upland again." There's no doubt a deal of truth in Crombie's remarks, and some day, a long time from now, we're going to start out on a long, long trip, and we're going to write a continuous letter back telling all about it.

They're Worried

Politicians of the state seemed to be greatly alarmed and are insisting that Governor Richardson announce whether he is going to be a candidate for Governor at the coming election. But the Governor seems more impressed with the idea that it is his job to manage the state business rather than to run about building his political fences; that the people are rather more interested in his economy program and seeing it carried out than in any announcement regarding his plans political in the coming year. All of which is decidedly different from the ordinary Governor.

Governor Richardson picked a Democrat for State Printer, not because he was a Democrat, but because John King has been in the printing business all his life and knew how to get efficiency into the state print shop. In all his appointments Governor Richardson has picked men well versed in the particular line for which he needed them. Some of his supporters don't always like it and his opponents are amazed at some of his appointments.

Suppose Governor Richardson decides to run for the Governorship again, what are the voters going to do about it? He promised before elected he would cut down state expenses, and he did this very thing so thoroughly that all the hangers-on who weren't doing anything in particular, lost their jobs. State expenses went down and in all state emergency problems there has been sufficient money in the treasury to assist in solving the problems, the hoof and mouth disease being probably the most serious problem confronting state authorities.

The voting public, however, is peculiar. At election time they pick up peculiar antics. At times clamor for rigid economy, clamor for lower taxes, they pick this and they want that, and though Governor Richardson is just what he said he would before election, whether they will continue him in office something that only the count of votes will settle.

Our Imagination Wanders

We learn that F. W. Palmer, recently went to Hawaii, accompanied by Mrs. Palmer, is having a delightful rest, and is gaining health every day; in fact, getting on so well that his wife worries the cooks when he goes.

Of which tends to make Magic Isle and there discover F. W. dressed only in a one-piece bathing suit with an orange lei about his neck, basking in the balmy sunshine of that wonderful land's delightful bathing beach and thrumming a ukulele.

Of course, if F. W. were here I wouldn't expect to find him in the above atmosphere, but they say over there something might happen to a sedate business man.

Don't Do It Girls

Down a Hollywood road screen actresses who have been catching cold all winter, wearing silk stockings, have announced they will go bare-legged during the summer season.

Far be it from us to say that we know all about legs, but all about silk stockings, but without a silk stocking, it doesn't offer any particular interest.

AMATEURS DECIDE TO CHANGE THEIR ERRING WAYS

WOULD BE SHORT CHANGE
ARTISTS ARE GATH-
ERED IN

Lack of Work Persuaded Them
to Try Short Change Game,
But They Lacked the Nerve
to Carry Out Their Plans

James Kerr, aged 23, and Clyde Thompson, aged 27, both of Los Angeles, have decided that following the straight and narrow path is really a better plan than becoming crooks, even if work is scarce and things are going wrong.

Renting a car in Los Angeles, they evidently decided they would work the old one-ten-dollar-bill short-change game on the country hicks that run stores in villages near larger cities.

The boys returned home today with a greater regard for Upland business men as well as for Chief J. F. Sawyer and his men. Bryant's Meat Market, Naylor's Variety Store and other business houses here, as well as in Ontario, were visited. At each store the boys, who were well dressed and of excellent appearance, simply bought 10c worth of stuff and offered a \$10 bill, hoping at each store that the opportunity of working the old, old game would appear.

At the Bryant Market, after making the purchase, they went across the store to the Johnson & Brown grocery to get the change they received at Bryant's converted in to a ten-dollar-bill again.

Suspicion was aroused and Officer Sawyer and his men went on the job. In due season the young men were in jail and their activity in both Upland and Ontario checked up.

After a night in jail, the boys this morning pleaded guilty, told all their troubles to the officers, and as their intentions were bad but they hadn't really broken the law a 25-day suspended sentence was given them, and they left Upland's police court expressing their appreciation to both Judge Crane and Chief Sawyer, who were satisfied that it was the first wayward step the lads had ever taken.

The boys assured both Judge Crane and Chief Sawyer that they would walk the straight and narrow path from now on.

McQUILLEN TALKS TO LIONS' CLUB

P. H. McQuillen, past president of the Upland Rotary Club, was the principal speaker Thursday before the regular weekly luncheon meeting of the Lions Club at The Sycamores.

Mr. McQuillen spoke on the value to service club members of attendance at district conferences and conventions, inspiring the local Lions to strive for a 100 per cent attendance at their coming district conference at San Diego in May.

Captain Philip Lawton, head of the Salvation Army in this district, with headquarters in Ontario, recited some of the splendid accomplishments of his organization during the World War and since in the salvaging of "human wreckage."

A telegram from Lion Wiley Mather, member of the Chaffey High School faculty, who is at Santa Barbara to attend the state principals' convention, recited that since there was no Lions Club in Santa Barbara, Lions attending the convention formed an impromptu club for one day in order to make up lost sessions and enjoyed a snappy luncheon meeting Tuesday at the Arlington Hotel.

Norman Lawson, who expects to leave on April 17 for a visit to his old home in Scotland, served as chairman of Thursday's meeting and introduced the speakers. R. Frank Lemon led the club singing with Mrs. Francis Rogers accompanying at the piano.

Luncheon visitors included W. H. Raspon and D. R. Menefee of Corona; Harvey L. Tadlock and the Rev. W. Earl Smith of Ontario, and Al Leditz of Upland.

KUKLUXKLAN NOTE ENTERS DIVORCE CASE TRIAL

PURPORTED WARNING IS
WRITTEN IN RED WITH
BLACK HAND

"Our Eyes Are on You. Prepare to Meet or Vacate,"
Said Note. Spouse Claims
Husband Left Her

Black-bordered and inked in red, a purported warning from the Ku Klux Klan found its way into the Superior Court yesterday and was made a part of the record in a case before Superior Judge Charles L. Allison.

Introduction of the supposed K. K. K. missive came in the suit for separate maintenance of Mrs. Marie Bertha Burke against William M. Burke, formerly a foreman on the Fontana poultry project. Judgment was awarded for the plaintiff by the court.

According to the husband, he received the sinister lettered document in December, 1923, and soon thereafter, fearing attack by the hooded figures, departed from his home at night, roaming the countryside in his automobile and sleeping in the machine until daylight broke.

The missive read:

"Burke:

"A change of conduct is desired.

"If not:

"We will expose your past conduct to your wife and friends in Fontana.

"Our eyes are on you. Prepare to meet or vacate."

"K. K. K."

Mrs. Burke was awarded \$90 monthly maintenance after charging her husband with unfaithfulness. He retaliated with the charge of cruelty.

The hearing yesterday was for a court order requiring the defendant to turn over to the wife his share of community property, principally one half of an \$8000 note, to insure payment of the monthly alimony.

RED CROSS SOCIETY HOLDS MEETING

Business of a routine nature was practically all that came before the executive board at yesterday morning's meeting. Mrs. L. D. Temple was in the chair and several matters were brought to the attention of the board and are to be considered at next meeting after due consideration.

It was reported that \$13 was donated by the people of Upland toward helping the tornado sufferers, and from the Junior Red Cross in the grammar school \$55 was forwarded for the same cause.

Mrs. E. P. Fuller reported 28 nursing visits made, 7 investigating, 3 social and 10 miscellaneous. Forty-eight baby visits were made to the clinic in the basement of the library, and the visitors, beside the mothers, were twelve, thus showing the interest of the townspeople in the baby conference. Four pairs of shoes were given to those needing them, 27 garments also were passed out; 4 quarts of jelly and 4 quarts of fruit.

Mrs. H. W. Flowers, treasurer, reported money spent for milk, for shoes, for wood and for lodging, and when people say there is no need of a local chapter of the Red Cross, just refer them to the executives of Upland Chapter.

Mrs. Temple reported that there was great need of supplies at headquarters—each disaster depleted the supply there, and unless the chapters kept making the necessary supplies there might come a time when there would be no supplies for some great disaster. This matter will be taken up at a later meeting.

LEMON GROWERS IN GOOD FORM

The Lemon Growers baseball nine beat the Hot Pointers last night 8 to 1 in a practice game played on the Hot Point Club grounds. Following is the line-up for the game: Dean, pitcher; Cherbak, catcher; Cook, first base; Herschler, second base; Ingram, third base; Morris, shortstop; McClaren, shortstop; Sughert, Beckler and Thornton, fielders.

VICTORVILLE TO HELENDALE IS PLANNED ROUTE

HIGHWAY DEPARTMENT
TO SPEND SUM OF
\$2,690,000

Rapid Drop Seen in Highway
Expenditures; \$12,000,000 Is
Spent in 1922 and Less Each
Year. Twenty Miles for S. B.

While California expended \$14,000,000 for new state highways in 1922, \$12,000,000 in 1923, \$8,900,000 in 1924, proposed expenditures for new work for the balance of 1925 total but \$2,690,000, the estimated federal aid which will be received prior to Jan. 1, 1926, according to the highway commission's program as submitted to the state senate this week.

On April 1, 1925, the total unbudgeted fund of the commission, available for new construction was \$4,054,960. This fund, it was explained to the senate committee on revenue and taxation, consists entirely of uncollected federal aid, all of which probably will not be received for at least two years. All other funds available for new work have been exhausted. With the possible exception of 1917, a war year, the number of projects to be undertaken during 1925 represents the smallest amount of new state highway construction started in California in any one year since 1913, the commission said in a statement issued yesterday.

This greatly reduced program of primary construction for the balance of the present year, as presented to the senate committee, is as follows:

San Bernardino County—Victorville to Helendale, 20 miles, grading and surfacing, \$200,000.

Riverside County—Mecca-Blythe route, grading and surfacing, 10 miles, \$100,000; Coachella storm water bridge, \$20,000.

Imperial County—Brawley to Imperial, grading and surfacing, eight miles, \$125,000; El Centro to Holtville, grading and surfacing, nine miles, \$135,000; Holtville to Highline canal, grading and surfacing seven miles, \$100,000; improvement Sand Hills, 6.5 miles, \$300,000.

Los Angeles and Ventura Counties—From eight miles north of Santa Monica to Oxnard, surfacing graded sections and grading and paving Hoenecke road to Oxnard (covers 35 miles), \$535,000.

Orange County—Corona Del Mar to Serra, grading and surfacing 14.5 miles, \$435,000.

San Diego County—Mountain Springs grade, surfacing 7 miles, \$75,000; San Onofre and San Mateo Creek bridges, \$230,000.

Sierra and Nevada Counties—Floriston to Nevada State line, grading in Truckee River canyon, six miles, \$200,000; three bridges and railroad grade separation in Truckee Canyon, \$150,000.

Tehama County—Co-operative paving of gap in trunk highway through city of Corning, one mile, \$40,000.

Yolo County—Co-operative railroad grade separation at west approach to Sacramento, \$40,000; grading and paving, .65 of a mile at west entrance to Sacramento, \$25,000.

All of these projects are on highways classified as primary by the Governor's highway committee of nine.

Services for Chino Pioneer Held Here

W. J. Schaefer, pioneer, and prominent rancher of Chino, died at his home, one mile and three-quarters southeast of the town, on Thursday morning at 7:20. Funeral services will be held on Saturday afternoon at one-thirty in the Brethren in Christ Church, Third Avenue, Bishop C. C. Burkholder and Elder J. R. Eyster officiating.

Willis & Birnie, undertakers, Chino, are in charge, and interment will be in the Pomona cemetery.

MILITARY CAMP AT FORT WINFIELD SCOTT IN JULY

COMMANDER HARLEIGH
BROWN NAMES LOCAL
COMMITTEE

John D. Howe Named Chairman
to Receive Applications
of Local Men to Enter
Training for July-August

Commander Harleigh C. Brown, Upland Post 73, has appointed John D. Howe chairman of the local committee to receive applications for the Citizens Military Training Camp in the State of California, which will be held in July and August at Fort Winfield Scott, San Francisco, and Del Monte, as in former years.

Mr. Howe announces through the columns of The News that any boys between the ages of 17 and 31 in Upland who wish to get a summer outing in the north part of the state, may do so at no expense to themselves, and at the same time receive the splendid benefits offered by the outdoor life and physical training. Those wishing to join the camp for the three weeks' period should phone Mr. Howe either at his office, 555-W, or at 283-W, his home number, and he will be glad to supply all details regarding the proposition. The quota from San Bernardino County is four boys, and applications should be made at once. The Legion is sponsoring the movement, and is co-operating in every way with the government to make the outing successful in all details and give the young fellows an opportunity to enjoy a holiday which will leave them in a splendid state of health, physically and mentally.

The number who can attend these training camps is limited, therefore it is necessary that only those of high moral character and physical standing should be recommended. Quality, not quantity, is the watchword. Attention is called to the fact that the government furnishes free transportation to and from the camp, board, lodging, medical attention, uniform, equipment and laundry service. A well-balanced program of games, athletics and wholesome entertainment is provided, and every effort is made to fill the hours with something interesting and instructive.

The camp at Fort Winfield Scott will be for students in the Coast Artillery Course, desired enrollment 255; while the Del Monte camp will have courses in Infantry, Cavalry, Field Artillery, Engineers and Signal Corps, desired enrollment 1560.

As the primary ideas of the Citizens Military Training Camp and the American Legion are the same, the government feels that it will have the hearty support of the Legion in every way. The authorities at the camp expect this year to have a number of young fellows take advantage of the three weeks' training on the recommendation of the Legionnaires, and Legion men are expected to visit the camps during the session, where they will be cordially welcomed.

Mrs. Barr Soloist At Easter Services

"O Jesus, We Adore Thee"
By Mrs. Johnson

An occurrence of unusual interest takes place at the Easter morning service at the First Presbyterian Church when an anthem composed by the talented organist, Mrs. Winifred Moore Johnson, will be sung for the first time. It is entitled "O Jesus, We Adore Thee." It opens with a soprano solo, which will be sung by Mrs. Allen Barr, works into a chorus with a sweetly appealing air, and finishes with a very fine two-fold amen.

BOTH WERE AT FAULT; NO DAMAGES AWARDED

When it developed in Judge George R. Crane's court yesterday that both parties were more or less at fault in a motor accident on February 5, at 152 Second Avenue, in which cars driven by Andrew Rivas and F. L. DeWalt were damaged, the suit of the former for \$25 damages and the cross-complaint of the latter for the same amount were dismissed.

Rivas was represented by Attorneys Andreani & Haines of Los Angeles, while Attorney Leland S. Davidson of Ontario appeared for Mr. Walton.

French Finds An
Honest Gentleman

Smashed Fender and Left His
Name, Car Number and
Address

Charley French of the Upland Public Market has found an honest man and a gentleman, and he found him in San Bernardino. The man was from Redlands, which is not stating that there are no honest gentlemen in the Hub City.

Parking his car on the streets in San Bernardino, Mr. French found on his return that a fender had been torn loose and broken. A note on the broken part stated: "Your car damaged by me. Will be pleased to pay for its repair. Please accept my apologies.—George Collins, Redlands, Cal."

KIRKWOOD CAR DAMAGED

D. M. Kirkwood had a lucky escape from injury Sunday while passing the Municipal Camp Grounds. The road was wet and Kirkwood was following close to the machine in front. At the camp ground the driver of the car in front decided to stop. Quick application of brakes on the Kirkwood car caused it to skid and strike a telephone pole at the side of the road. The pole was snapped off and the machine badly damaged, but no one was injured.

CITY TO OBSERVE BOYS' WEEK HERE

Plans for the celebration locally of International Boys' Week, April 26 to May 2, inclusive, were announced today following a meeting at the Ontario Chamber of Commerce attended by representatives of Boy Scout and Y.M.C.A. organizations, service clubs and fraternal bodies.

Melbourne A. Gauer, director of physical education in the Ontario schools, was named chairman of a general committee to perfect plans for the observance of the week. On the committee are A. C. Reynolds, Robert Henderson, Vane L. Olinger, I. J. Linkey, A. L. Davenport, Erich J. Ritter, Arthur A. Jackson, Edward Midgough, Arthur I. Peterson and Lex Lucas.

The week will open with boys' programs in all city churches on Sunday, April 26, and on April 28 it is planned that boys shall govern the city, occupying all municipal offices on that day, from the office of the mayor down.

LOCAL LIBRARIANS VISIT COUNTY LIBRARY

At the invitation of Miss Caroline S. Waters, county librarian, a number of people spent Wednesday at the County Free Library, attending a demonstration of the Toronto method of book mending. Miss Baumer, of Gaylord Bros., demonstrated recasing books and those who attended felt the demonstration was well worth while. Among those who attended were Mrs. F. H. Manker, Mrs. M. M. Haddow, Mrs. Hubert L. Manker, Miss Mary Hill and Mrs. F. H. Clapp of Ontario. In the afternoon Mrs. Manker drove the other four around to visit the libraries in Redlands, Colton, Riverside and San Bernardino city library before returning home. On Friday Mrs. A. E. Austerman, assistant at the library, attended the same demonstration at Riverside.

Members of the Upland Business and Professional Woman's Club are reminded of the regular luncheon meeting to be held Tuesday noon at the Upland Hotel. There will be a speaker and a musical program. Members are requested to be as punctual as possible.

Business Conditions Improving Here Each Day As Fruit Market Holds Strong and Growers Are Receiving Good Prices for Fruit

With a stream of yellow fruit flowing eastward over both rail and water lanes, business conditions in Upland, as well as throughout the entire West End section of the County, are showing a decided improvement along all lines of endeavor.

With the orange market holding strong, and with a lemon market which is satisfactory for this season of the year, fruit shipments from the O. K. District are going merrily on. Present indications are that the O. K. Exchange will this week ship in the neighborhood of 150 cars of navel oranges and 20 cars of lemons. An average of approximately 150 cars per week will probably be maintained as long as the market remains firm.

The biggest one day's shipment of fruit from this district totals 35 cars and unless unusual conditions develop will probably be the largest number packed and shipped during the entire navel season.

In return for this fruit an almost constant stream of money is returning to the district and within a few days the distribution of the money to the growers will be under way.

With each pay day financial conditions among the people generally are improving and fruit workers are spending busy weeks preparing the fruit for shipment.

Business men report a tendency toward marked business improvement and growers are looking forward to an excellent summer's business.

State Business Women in Conference at Pomona

That an intelligent interest in her own rights will help heaven to protect the working girl was the conviction expressed by Miss Z. Clements, president of the State Federation of Business and Professional Women's Clubs, at a dinner held at the Valley Club Cafe in Pomona Wednesday night, when over one hundred women from the Upland Business and Professional Women's Club, the Ontario Business Women's Association, and the Pomona Business and Professional Club met to honor the president and other state officials and listen to ringing messages of inspiration, good fellowship, and helpful advice from them.

Miss Clements, who apart from her activities as president of the Federation, is traffic manager and legal secretary for the Leslie Salt Corporation in San Francisco, gave a clear idea of how organization and federation can help business women to accomplish all they set out to do. She was emphatic in her statement that protective legislation should be made on the basis of industry and not on that of sex. Miss Clements said that to shackle the strong for the purpose of helping the weak was an economic crime, and urged that all women in the business world join together not only that they might learn to work together, but that they might gain the benefits to be derived from playing together as well. The Federation favors an affirmative regarding three bills

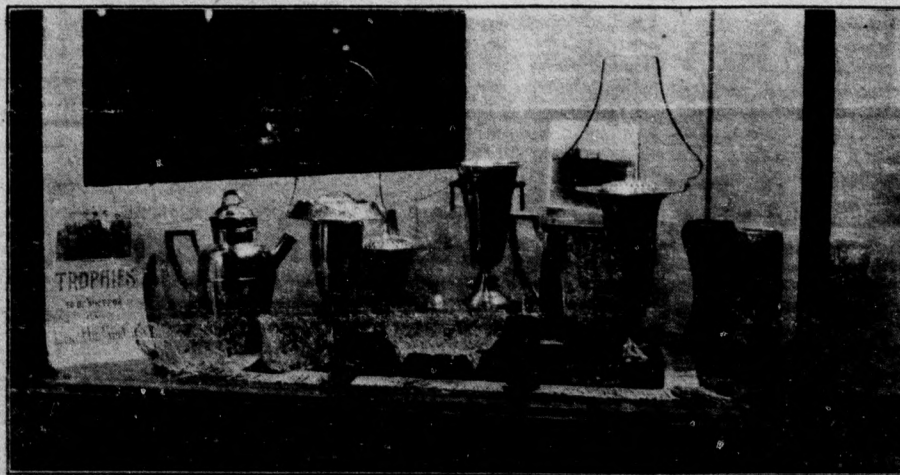

Local Window Display Appears in Magazine

Pacific Goldsmith Reproduces
Showing of Lone Hill
Gun Club Trophies

A display of trophies which were awarded winners in the recent three-day registered shoot at the Lone Hill Gun Club was placed in the show window of the Geo. B. Bower jewelry store here.

A representative of the Pacific Goldsmith happened to see the window display, and was so attracted by it that he had a picture taken, and in the April issue is reproduced in the magazine.

Many trophy cups were used in the display and the window attracted the attention of hundreds of passersby.

Our Best Security

(Redlands Facts)

Easter is at hand, with its spirit of growth and rejuvenation. It brings to our minds the awakening of life, the zest and joy of living. It is a reminder that youth must be served. That service is essential, for our boys and girls are the best security for the nation's future. They are the torchbearers of tomorrow, our country's prop and mainstay, its builders and defenders.

In this nation youth has unobstructed opportunities; every vocation is open to its enterprise and ability. Our educational system gives free access to learning. Our public schools not only equip our boys and girls for citizenship, by training their minds and bodies, but inculcate by precept and example the principles of democracy.

How our citizenry has responded to its opportunities is shown by figures denoting the progress of education. In 1880 one out of every six was without schooling. In 1920, forty years later, only one in seventeen. Had our population increased as rapidly in ratio as our high school enrollment, since 1890, it would number today nearly seven hundred million. The increase in enrollment in our common schools during the ten year period ending 1920 was more than twenty per cent.

It is gratifying to note from the foregoing that we are regarding education as a vital factor. This is the day of educated boys and girls. More and more will they on maturity be drawn into the ranks of business. Commercial and mercantile life is fast following the professions in its call for organized knowledge. That we are appreciative of the wonderful part of our educational system plays in the progress of the country the growing attendance in all our institutions attests; a growth stimulated not merely by increased population but a growth indicating a recognition of the value of schooling.

With the progress of the nation the schools, too, have advanced. Their scope has been enlarged, the technique improved, their physical plants standardized, and the quality of equipment bettered. The cost of education is a relative term and will admit of comparison only in terms of service rendered.

The rapid strides of our education are comparable only to the advance in our inventions, and this is an inventive age in which America ranks in prominence. During the last fifty years there have been fifty outstanding inventions. These represent the greater factors in our present-day civilization. Education has been keeping step with this progress. It has seen the induction or spread of the Junior High and Consolidated schools, the Industrial and Vocational Schools, the Continuation and Americanization schools; the development of such departments as Health, Art and Music; higher teacher requirements and teaching standards; increased civic pride and a higher conception of what an efficient school system means. Its reflection in the industrial life of the nation may be seen in the instance of a large industrial concern with 71 per cent foreign born on its payroll twelve years ago today reversing the figures with 66 per cent native born. It is needless to say that these altered figures relate to the new attitude of industry toward educational standards.

Our young people are the nation's crusaders and their armor is education

Japanese Land Law

(San Bernardino Sun)

It is an error to say that Japan is enacting a land law which would debar citizens of the United States from becoming owners of real property in the Mikado's kingdom. They do not possess that right now and never have. It has been a somewhat misunderstood situation, that the Japanese have been supposed to be clamoring for the right to own or lease land in the United States, without granting a like privilege to Americans in return. The laws of Japan do not permit aliens of any race to own land. We are debarred in common with all other nations. The Japanese themselves have realized the apparent absurdity of their objecting to laws in this country prohibiting Japanese ownership of land here, while Americans are permitted to own land in Japan. It gives the aspect of their claiming rights as aliens which they do not themselves extend to aliens.

It is this situation the new legislation is

The Resurrection of Christ

ST. JOHN, 20

The first day of the week cometh Mary Magdalene early, when it was yet dark, unto the sepulchre, and seeth the stone taken away from the sepulchre.

Then she runneth, and cometh to Simon Peter, and to the other disciple, whom Jesus loved, and saith unto them, They have taken away the Lord out of the sepulchre, and we know not where they have laid him.

Peter therefore went forth, and that other disciple, and came to the sepulchre.

So they ran both together: and the other disciple did outrun Peter, and came first to the sepulchre.

And he stooping down, and looking in, saw the linen clothes lying: yet went he not in.

Then cometh Simon Peter following him, and went into the sepulchre, and seeth the linen clothes lie, And the napkin, that was about his head, not lying with the linen clothes, but wrapped together in a place by itself.

Then went in also that other disciple, which came first to the sepulchre, and he saw, and believed.

For as yet they knew not the scripture, that he must rise again from the dead.

Then the disciples went away unto their own home.

But Mary stood without at the sepulchre weeping: and as she wept, she stooped down, and looked into the sepulchre.

And seeth two angels in white sitting, the one at the head, and the other at the feet,

where the body of Jesus had lain. And they said unto her, Woman, why weepest thou? She saith unto them, Because they have taken away my Lord, and I know not where they have laid him.

And when she had thus said, she turned herself back, and saw Jesus standing, and knew not that it was Jesus. Jesus saith unto her, Woman, why weepest thou? whom seekest thou? She, supposing him to be the gardener, saith unto him, Sir, if thou have borne him hence, tell me where thou hast laid him, and I will take him away.

Jesu saith unto her, Mary. She turned herself, and saith unto him, Rabboni; which is to say, Master.

Jesus saith unto her, Touch me not; for I am not yet ascended to my Father; but go to my brethren, and say unto them, I ascend unto my Father, and your Father; and to my God, and your God.

Mary Magdalene came and told the disciples that she had seen the Lord, and that he had spoken these things unto her.

Then the same day at evening, being the first day of the week, when the doors were shut where the disciples were assembled for fear of the Jews, came Jesus and stood in the midst, and saith unto them, Peace be unto you.

And when he had so said, he shewed unto them his hands and his side. Then were the disciples glad, when they saw the Lord.

Then said Jesus to them again, Peace be unto you: as

my Father hath sent me, even so send I you. And when he had said this, he breathed on them, and saith unto them, Receive ye the Holy Ghost: Whosoever sins ye remit, they are remitted unto them, and whosoever sins ye retain, they are retained.

But Thomas, one of the twelve, called Didymus, was not with them when Jesus came. The other disciples therefore said unto him, We have seen the Lord. But he said unto them, Except I shall see in his hands the print of the nails, and put my finger into the print of the nails, and thrust my hand into his side, I will not believe.

And after eight days again his disciples were within, and Thomas with them: then came Jesus, the doors being shut, and stood in the midst, and said, Peace be unto you.

Then said he to Thomas, Reach hither thy finger, and behold my hands; and reach hither thy hand, and thrust it into my side: and be not faithless, but believing.

And Thomas answered and said unto him, My Lord and my God.

Jesus saith unto him, Thomas, because thou hast seen me, thou hast believed: blessed are they that have not seen, and yet have believed.

And many other signs truly did Jesus in the presence of his disciples, which are not written in this book:

But these are written, that ye might believe that Jesus is the Christ, the Son of God: and that believing ye might have life through his name.

"He Pulled His Revolver"

(San Bernardino Sun)

During a domestic quarrel in the home of a friend in Oakland, a man "drew a revolver from his pocket" and killed his wife, then doing the same for himself, which was a proper conclusion of the incident. To what should be ascribed this murder and suicide? There are several things contributing, but our real interest is in discovering which of them is removable, and which we must endure. In the first place we can ascribe the act to temper and acting on impulse of a mind clouded by anger. But men and women have had tempers and fits of unbridled anger from the beginning of the human race, and to hope to abolish that is futile. Solomon told us that "He that hath no rule over his own spirit is like a city that is broken down and without walls." We need in our educational processes to take note of this fact and so far as possible inculcate self-control, but we cannot hope entirely to abolish the human quick temper and its rueful results.

Also domestic quarreling is a cause, but that also has been a sad feature of family throughout the ages, yielding not even to the sweetening and softening influence of religion completely. The third great factor, one with which it is possible to deal in a curative way effectually, is the carrying of weapons. Had not this anger-guided man had a revolver in his pocket he would not have yielded to the blind impulse to slay.

There is scarcely an argument for the carrying or even the ownership of a revolver in a civilized country. Experience shows that its possessors—not including criminals—use it wrongfully and regretfully many more times than righteously. Besides, it is dangerous to possess. Every few days there is a story in the press about the death of wife or child because of the weapon left carelessly at home or the death of the man himself. Rarely is the home ever protected by its use or presence. The man who carries one in his pocket is constantly walking on the brink of a tragedy. But it is its use in crime that is its chief condemnation. We are overwhelmed with murders and robberies which would not be committed if revolvers were actually prohibited. It is impossible to take weapons out of the pockets of criminals if they are not also out of the pockets of "good citizens." It all goes along together. Thoughtful police officials agree that crime would at once shrink to comparatively small proportions in this greatest criminal country the world has ever known, if the carrying and possession of revolvers could be stopped. It ought to be worth while.

When asked whether she had married again, a Hollywood film star refused to make a statement. It is understood, however, she is looking up her data on the subject.—Danville Register.

Easter Hymns

"Jesus met them, saying All hail"
The Day of Resurrection!
Earth, tell it out abroad:
The Passover of gladness,
The Passover of God!
From death to life eternal,
From earth unto the sky,
Our Christ hath brought us over
With hymns of victory.

Our hearts be pure from evil,
That we may see aright
The Lord in rays eternal
Of resurrection-light;
And, listening to His accents,
May hear so calm and plain
His own "All hail," and hearing,
May raise the victor strain.

Now let the heavens be joyful,
And earth her song begin,
The round world keep high
triumph.

And all that is therein:
Let all things seen and unseen
Their notes of gladness blend,
For Christ the Lord is risen,
Our Joy that hath no end.

The Lord is risen indeed!
Jesus Christ is risen today.
Alleluia!
Our triumphant holy day.
Alleluia!

Who did once, upon the Cross,
Alleluia!
Suffer to redeem our loss.
Alleluia!

Hymns of praise then let us sing
Alleluia!
Unto Christ, our heavenly King,
Alleluia!
Who endured the Cross and grave,
Alleluia!
Sinners to redeem and save.
Alleluia!

But the pain which He endured
Alleluia!
Our salvation hath procured;
Alleluia!
Now above the sky He's King,
Alleluia!

Where the Angels ever sing.
Alleluia!

"O sing unto the Lord a new song;
for He hath done marvellous
things!"
Alleluia! Alleluia! Alleluia!

The strife is o'er, the battle done;
Now is the Victor's triumph won;
O let the song of praise be sung.
Alleluia!

Death's mightiest powers have
done their worst,
And Jesus hath His foes dispersed.
Let shouts of praise and joy out-
burst.
Alleluia!

On the third morn He rose again
Glorious in majesty to reign;
O let us swell the joyful strain.
Alleluia!

Lord, by the stripes which wound-
ed Thee
From death's dread sting Thy ser-
vants free,
That we may live, and sing to
Thee
Alleluia!

"O death, where is thy sting? O
grave, where is thy victory?"
Ye choirs of new Jerusalem,
Your sweetest notes employ,
The Paschal victory to hymn
In strains of holy joy.

For Judah's Lion bursts His chains
Crushing the serpent's head;
And cries aloud through death's
domains
To wake the imprisoned dead.

Devouring depths of hell their prey
At His command restore;
His ransomed hosts pursue their
way
Where Jesus goes before.

Triumphant in His glory now
To Him all power is given;
To Him in one communion bow
All saints in earth and heaven.

While we, His soldiers, praise our
King,
His mercy we implore,
Within His palace bright to bring
And keep us evermore.

All glory to the Father be,
All glory to the Son,
All glory, Holy Ghost, to Thee,
While endless ages run.

"He is risen"
Christ is risen! Christ is risen!
He hath burst His bonds in
twain,
Alleluia! swell the strain!

Christ is risen! Christ is risen!
For our gain He suffered loss
By Divine decree;
He hath died upon the Cross,
But our God is He.

Christ is risen! Christ is risen!
He hath burst His bonds in
twain;
Alleluia! swell the strain!

See the chains of death are
broken;
Earth below and heaven above
Joy in each amazing token
Of His rising, Lord of love;
He for evermore shall reign
By the Father's side,

Till He comes to earth again,
Comes to claim His bride.
Christ is risen! Christ is risen!
He hath burst His bonds in
twain;
Alleluia! swell the strain!

Glorious Angels downward throng-
ing
Hail the Lord of all the skies;
Heaven, with joy and holy longing
For the Word Incarnate, cries,
"Christ is risen! Earth, rejoice
Gleam, ye starry train!
All creation find a voice;
He o'er all shall reign!"

Christ is risen! Christ is risen!
He hath burst His bonds in
twain;
Alleluia! swell the strain!

Christ is risen! Christ is risen!
He hath burst His bonds in
twain;
Alleluia! swell the strain!

"Sing ye to the Lord, for He hath
triumphed gloriously"

At the Lamb's high feast we sing
Praise to our victorious King,
Who hath washed us in the tide
Flowing from His pierced Side;
Praise we Him, Whose love Divine
Gives His Sacred Blood for wine,
Gives His Body for the feast,
Christ the Victim, Christ the Priest

Refrigerate by Wire Announcement

After carefully examining several makes of elec-
tric refrigerators for home use, the Ontario Power
Co. has decided to sell, install and service KELVI-
NATORS, which are made in sizes that will fit your
particular refrigerator and can be installed at no
inconvenience to you and insure more even tempera-
ture than ice, at very small operating cost.

The KELVIN-ET combines both Kelvinator and
Refrigerator in one compact unit, forming complete
home refrigeration.

Mrs. Laura A. Holsclaw has been added to the
Commercial Department of this Company and will
be glad to give all information regarding the advan-
tages of Electric Refrigeration, or of any other elec-

Cucamonga-Alta Loma News

H. H. Thomas is up in Oregon this week on matters of business. John Whitson, of Whitson's Ranchos, returned home last Saturday following a six weeks' business trip to Chicago and La Grange, Ill., where he went to look after extensive business interests. He was the guest in La Grange of his daughter, Mrs. Wm. H. Herzog and family, and of his sisters and other relatives in Chicago. His business completed, he hastened home to the land of sunshine, escaping the disagreeable climate of early spring in the east.

Geo. S. Keyes spent Tuesday in the Angel City, transacting business matters. Mrs. George Jones of Boise, Idaho, who is spending the winter in Santa Monica, is visiting at the homes of her cousins, Mrs. Nathan Emery and Mrs. Geo. Keyes, this week, having arrived last Saturday. She expects to remain until Thursday of this week, when Mrs. Emery will accompany her to Santa Monica to visit there the balance of the week.

Mr. and Mrs. Robert Foss of Pasadena were guests last Sunday at the home of the latter's brother, J. T. Haddock and Mrs. Haddock of Base Line. Mr. Foss is a prominent contractor and builder of the Crown City.

Mr. and Mrs. Robert Elcott of Pomona were calling at the home of Mr. and Mrs. Nathan Emery Tuesday.

Mr. and Mrs. W. J. Kincaid enjoyed a delightful three-day visit over the week-end with relatives at Long Beach and Los Angeles, returning home Monday evening.

Mrs. Geo. E. Keyes and daughter, Miss Helen, entertained their visiting cousin, Mrs. Geo. Jones, who is here from Santa Monica, with a very delightful motor ride Tuesday, taking in such beautiful scenic rides as the drive to Smiley Heights, Riverside and Mt. Rubidoux.

Mrs. C. B. Molsinger, district chairman of the recent "Dollar Drive" for the improvement of the Community Hospital grounds, desires to thank all those contributing toward the good cause, and particularly to thank those who so ably assisted her in the drive, namely, Mrs. M. J. Reid and Mrs. Harry Robards of Alta Loma and Mrs. Fred Koch of Etiwanda.

Mr. and Mrs. Wm. M. Kincaid visited home folks in Redlands Sunday, motoring over.

Miss Marian Crandall, daughter of Rev. E. M. Crandall, is home this week from Elsinore for the Easter vacation. Miss Crandall teaches in the Elsinore High School. Tuesday she left for Sierra Madre for a visit with her mother, who is recuperating there after a recent illness.

Mr. and Mrs. J. A. Hall of Turner Avenue, accompanied by their mother, Mrs. M. Hall of Upland, and Mrs. Wallace Stroud of Pomona, enjoyed an unusually pleasant motor ride, motoring first to Huntington Beach, thence over the fine new boulevard now completed as far as Newport, and on down the coast to Laguna Beach, where they visited Mrs. Stroud's brother, who is a former Alta Loma, having once owned what is now the grove and home place of Mrs. J. E. Davis on Hermosa.

Visits Cucamonga

Mrs. C. H. Norton of Glendale, accompanied her son-in-law and daughter, Mr. and Mrs. Claude Hilliard (Alma Norton) to Cucamonga last week for several days' visit here with old friends, remaining over night at the home of Mr. and Mrs. W. H. Rupp, and the following day was a luncheon guest of Mrs. Geo. E. Keyes. Mrs. Norton is the wife of one of the first pastors of the local M. E. Church, the pretty stone church having been built here under his pastorate some fifteen years ago. Dr. Norton did not accompany his wife, as he is now something past eighty years of age. They make their home in Glendale. Mr. and Mrs. Claude Hilliard, during their stay here, were guests of Mr. and Mrs. Ray Ford at their home in State Highway.

Mr. and Mrs. I. T. Jamieson chaperoned their young grandson, Roy Crosswell, to Pomona Monday afternoon, where they all enjoyed the big Barnes circus, with its four rings of thrilling interest and multitude of trained animals.

Ray Ford has recently sold out his interest in their new auto-supply store in San Bernardino to his partner and expects to confine his business interests to the thriving little Cucamonga town on State Highway.

Wedding Anniversary Celebrated

Mr. and Mrs. Wilton W. Hatch celebrated their sixth wedding anniversary, which fell on April 3rd, with a delightful anniversary dinner on that date at their home in Hermosa Ave. Lovely spring blossoms, emphasizing the dainty pink and white color scheme, were employed in the table appointments and in decoration throughout the home. Enjoying the hospitality of Mr. and Mrs. Hatch on this happy occasion, the ladies with sewing and social chat during the afternoon, while the men visited, were Mr. and Mrs. T. M. Joseph, Mr. and Mrs. O. T. Hatch, Mr. and Mrs. Frank Hodges, Mr. and Mrs. Geo. E. Keyes, and Rev. E. M. Crandall.

RAISING MELLONS IN GARDEN

For the gardener who has ample space for their culture, melons make one of the most pleasing crops to grow in Southern California, for under the benign influence of the southland sun and the urge of our warm and fertile soils, even home plantings yield heavily over a long season. Cantaloupes especially are a favored crop here, and when there is a large enough plot available for their culture, several hills at least should be planted. Many varieties are grown, and all have their particular strong points, but for the home garden, those which do not produce vines too profusely should be selected.

Early spring preparation of soil is advisable for melons, but if the gardener decides at the last moment to make a planting, the soil can be put in shape by careful working. Although the texture of soil is not an important factor, light soils are usually chosen for the crop, since it will do best in them, and mature earlier.

To insure the best results from initial application of water, check up the plot to be planted, making beds six feet square, with borders around six inches high, then fill these with water several times and allow it to soak in. When the soil is ready to handle (that will be when one can take up and squeeze a handful without getting any water from it) spade it to a depth of about twelve inches, fine the surface with the rake, and leave a good mulch. The idea is to render the soil loose and friable so it will warm up quickly, then the seeds will germinate rapidly and the seedlings will break through to make sturdy plants.

Planting should not be started until about two or three days after the soil has been turned over. Perhaps the best way to plant the seed is to scrape away the dry soil to one side with a hoe, take up about an inch of the moist soil beneath on the blade, then scatter seven or eight seeds over the surface thus exposed. This done, the moist soil can be replaced and firmed gently, a quarter of an inch of the dry soil being then spread over the top. For the home garden, plant cantaloupes in rows six feet apart, with the hills four feet apart.

If the soil has been properly prepared, the moisture stored in it by the initial application of water can be depended upon to bring up the seed; if it is not, then the gardener is due for some grief. When the plants are up about two inches high, they should be thinned out to two in a hill. Close watch should be maintained for the diabolical diabolica, or Western Twelve Spotted beetle, for this pest will soon finish the planting. Hand picking can be resorted to when only a few hills are grown, but for larger plantings, some preparation made up for the eradication of this pest should be purchased and applied.

In growing melons, cultivation is more important than irrigation, though the plants should not be sighted in the matter of water supply. Applications should be thorough, and should be given about every two or three weeks. After watering, careful hoeing and cultivation between plants and between rows is necessary. The vines should never be sprinkled; water should be applied in wide, shallow furrows between rows, and never allowed to flood.

When the vines are well along, and the fruits begin to set on, the planting should be watched for signs of plant food deficiency. This shows up principally in a yellowing of the leaves, and when it does appear, it is a good idea to feed the vines a little fertilizer, though care must be taken not to give them an overdose, which will result in the blossoms dropping off. Cantaloupes are ripe when the stem parts easily from the fruit, making a clean break. When they begin ripening, application of water should be more frequent, so as to prolong the bearing season as long as possible.

For the local home garden, the following varieties can be selected from: Tip Top, Paul Rose, Indiana, Nutmeg, Burrell's Gem, Triumph Pineapple, Nettled Rock, Rocky Ford and Champion Market. The Paul Rose and Tip Top are perhaps the best for the southland.

The method of preparing the soil for watermelons is essentially the same as that given above for cantaloupes, but when planting, place the seed a little deeper and space the rows at least eight feet apart and the hills six feet apart. They will not require as much water as cantaloupes, but the same careful cultivation should be given them. The vines can be turned in and kept from covering too much space. Plant the Klondyke, Angeleno or Chilean.

DAWES WILL MAKE TALKS ON FILIBUSTER

Just before Vice President Dawes left Washington for his home in Evanston, Ill., he made the statement that he would deliver a number of speeches during his stay away with right to filibuster in the senate. He stated that in the addresses he would make he would not handle the matter in anything but a non-partisan manner. It was a subject, he contended, that should be placed high above party politics.

General Dawes, in making these trips, does so as the result not only of his desire to place the matter squarely before the people of the country, but also in response to literally hundreds of letters and telegrams received by him asking that he appear in the several cities and towns and give his views on this question.

FARMERS' LEGISLATION MUST BE SENSIBLE

President Coolidge and Secretary Jardine are determined that sensible recommendations for legislation to aid the farmer shall be presented to the next congress, says a Washington dispatch.

Neither the President nor the Secretary of Agriculture have, for an instant, any notion that the mere enactment of a certain law will cure any legislative ill that may confront the agricultural industry of the nation. Both the President and the Secretary desire that form of legislation that will permit the farmer to get reasonable credit on sound security when it is necessary. They desire to aid in the working out of a plan that will permit him to place his products on the market in such a manner as to put him on a par with other business men.

In the opinion of the Secretary of Agriculture the farmer's is a vastly complex business, and one that needs improved marketing methods. As Secretary Jardine says in an article in "The Nation's Business," "What we all need to do is to talk less tommyrot and throw fewer monkey wrenches into other people's machinery. As Jardine puts it, 'Quantity and quality are the two things that count' in the farm business, as in any other, and profitable production doesn't lie in producing at the lowest possible cost per acre, but in producing in such a way as to give the biggest margin between the production cost per acre and the selling price per acre.' The problem is just a business matter, and the farmer is working it out on his own farm."

WORSE

As the rich man was motoring through a country district, he noticed an old man seated outside a cottage with all his furniture around him.

"Poor old soul," the visitor said, stopping his car and giving the old gentleman a banknote. "What's your trouble—evicted, I suppose?"

"No, sir," was the mournful reply. "It's just my old woman whitewashing." — The Christian Register.

COURT CLOTHES

"I want you to make the outfit for my trial."

"Let me see," mused the experienced modiste. "You'll want a direct-testimony suit, a cross-examination gown, and something dainty and clinging to faint in." — Heywood Advertiser.

NEIGHBORHOOD CLUB ENTERTAINED—

Members of the Neighborhood Club were delightfully entertained on Wednesday at the home of Mrs. Charles V. Barr, 535 Euclid Avenue, when she and Miss Frances Barr were joint hostesses at the usual luncheon and afternoon gathering.

Gay spring flowers added to the attractiveness of the room, and covers were marked at the lunch-table for twenty members. In the afternoon an informal program was enjoyed, songs by Mrs. C. S. Lawson and Mrs. Allan S. Barr and two readings by Miss Barr were among the numbers given. The next meeting will be at the home of Mrs. Lawson, Mrs. George T. Stamm acting as co-hostess.

QUEEN ESTHER GIRLS ENTERTAINED—

Members of the Queen Esther Sunday School class of girls of the Methodist Church were most delightfully entertained on Wednesday afternoon at the home of Miss Helen Louise Samuels on Sixth Avenue. The house was very attractive with baskets of roses everywhere, and the afternoon passed in games and various amusements. Delicious refreshments of ice cream with a red cross design in each slice was served with cake.

Mrs. C. A. Kent was a visitor for a few minutes during the afternoon, and the guests who enjoyed the hospitality of Miss Samuels were Miss Hazel Miller, teacher of the class, Miss Lavon Stauffer, Miss Marietta Etter, Miss Dorothy Hood, Miss Helen Schultz, Miss Dorothy Hill.

UPLAND ENTERTAINS COUNTRY FEDERATION—

On Tuesday afternoon at the club rooms in the Upland Hotel, the members of the Upland Woman's Club will be hostesses to the 25 or more women's clubs of San Bernardino County Federation. A very interesting program will be presented by the following guests and members of the club: Mrs. H. J. Wilder, president of the County Federation, will talk on Education; Miss Betty LaRue Harn will give selected readings; Miss Aurelia Harwood will tell of a recent trip with the Sierra Club, and Mrs. W. R. Farmer will favor with piano selections. The hours are from 2:30 to 5:00, and the hostesses in charge of the social hour are Mrs. G. L. Winter, Mrs. Wm. Springer and Mrs. E. O. Bowden.

LA ESTRELLA AUXILIARY ENTERTAINED—

A very pleasant afternoon was spent by members of La Estrella Auxiliary, Order of the Eastern Star, on Wednesday, at the home of Mrs. W. P. Henry, 2243 Euclid Avenue, when she, Mrs. Edwin R. Son, and Mrs. C. O. Deverts were joint hostesses at the Henry home.

The time was spent in sewing on a layette for use at the San Antonio Community Hospital, and a great deal was accomplished. Mrs. D. D. Crew presided over the business meeting. Among those present were Mrs. J. F. Hamilton, Mrs. Jennie Brown, Mrs. A. M. Wisely, Mrs. Isabelle Foster, Mrs. Crew, Mrs. V. H. Wilson, Mrs. A. N. Monroe, Mrs. W. Cannady, Mrs. William Springer, Mrs. W. S. Avery, Mrs. Mary Eckerman, Mrs. W. E. Morse of Alta Loma, and the three hostesses.

MESDAMES WOODBRIDGE AND MARSHALL HOSTESSES—

One of the most interesting programs given by the Reading Circle was enjoyed on Wednesday afternoon when members met at the home of Mrs. T. R. Woodbridge on West Twentieth Street, Mrs. Florence Marshall being co-hostess.

A beautifully dramatic presentation of the Crucifixion, taken from Don Marquis' "The Dark Hour," was given by Mrs. Roswell R. Brownson, and Mrs. A. B. Whitney had an interesting subject in Ronald Hayes, the well-known negro tenor, who recently appeared in concert in Los Angeles.

Mrs. Royal Miller and Mrs. Frank McKenna presided over the tea tables during the social hour, and Miss Virginia Scheu and Miss Phyllis Marshall assisted in serving the guests.

Among those present were Mrs. W. G. Morrison, Mrs. H. Reese, Mrs. Hugh Carson, Mrs. Harriet Grey, Mrs. J. D. Howe, Mrs. F. J. Holmes, Mrs. Brownson, Mrs. L. D. Temple, Mrs. W. Bowley, Mrs. Frank Van Natta, Mrs. John Awdry Armstrong, Mrs. Whitney, Mrs. Miller, Mrs. McKenna.

HILTY-JACOBS WEDDING AT SANTA MONICA—

The marriage of Walter Hilty, member of the Mehl hardware store force, and Mrs. Jacobs of Santa Monica, occurred yesterday in the beach city. Mr. and Mrs. Hilty left immediately following their marriage for Catalina, where they will spend a few days before returning here to make their home.

Mrs. Hilty was formerly matron of an orphan's home at Santa Monica.

EDITH CAVELL MEMBERS HOLD MEETING—

Mrs. Robert Manley, 331 East G Street, Ontario, was hostess to members of the Edith Cavell Chapter, D.B.E., at their regular meeting yesterday afternoon, assisted by Mrs. H. C. Kennedy of Upland. Mrs. John E. Walker, regent, presided over the business meeting in which arrangements were talked over for a lecture to be given by Mrs. N. Hasselo of Chicago, who came to Ontario a few weeks ago to live. Mrs. Hasselo, a guest of the chapter for the afternoon, knew Charles Dickens intimately when a child, and will talk on "How Dickens Appeared to a Child." An entrance fee will be charged, the proceeds to be divided between the David and Margaret Home at LaVerne, and the free bed at the San Antonio Community Hospital. Appointed on the committee to arrange for a hall and other details were Mrs. Manley, Mrs. Horace Little and Mrs. W. F. G. Blakie.

The women worked steadily on surgical sponges for the hospital, and during the social hour that followed the business session, R. W. Manley, son of the hostess, delighted with two violin selections. Tea was served by Mrs. Manley, assisted by Mrs. Kennedy, to the following: Mrs. Walker, Mrs. Martin Stewart, Mrs. Mary McCue, Mrs. Isaac C. Baxter, Mrs. Emily Bates, Mrs. A. M. Plasterer, Mrs. Little, Mrs. Blakie, Mrs. Annie Pheysey, Mrs. C. Smith-Neill, Mrs. Hasselo.

'BROKEN BARRIERS' NOW AT COLONIAL

The good and evil of divorce and its effect on the younger generation is the subject of Reginald Barker's newest production for Metro, "Broken Barriers," which is coming to the Colonial Theatre tonight and Saturday. It is a screen version, written by Sada Cowan and Howard Higgin, of Meredith Nicholson's sensational novel, and has an all-star cast.

Ward Trenton, a man of high ideals, is in love with Grace Durland. He wants a divorce from his wife, who admits she does not love him. The girl, lost in the mazes of her love for Trenton, is all for breaking the walls of convention that surround them, but is stopped just in time when her younger brother gets mixed up in an affair with a pretty flapper. She goes to say good-bye to the man she loves when a denouement occurs that puts an entirely new light on their love and brings the story to a powerful climax.

The cast includes James Kirkwood, Mae Busch, Adolphe Menjou, Norma Shearer, George Fawcett, Robert Fraser, Ruth Stonehouse, Winifred Bryson, Robert Agnew, Vera Reynolds and Edythe Chapman. The picture is a Louis B. Mayer presentation through Metro.

Sunday, Monday and Tuesday will be presented Rupert Hughes' "Excuse Me," with Norma Shearer, Conrad Nagel and Renee Adoree in the principal parts.

DISTRICT FEDERATION OF RELIEF CORPS MEETS

The district Federation of the W. R. C. No. 2 met in Masonic Hall Monday, April 6th, at 10 a.m. Representatives from Redlands, Pomona, Covina, Monrovia, Riverside, San Bernardino and Ontario were in evidence.

After the business of the Federation had been disposed of, the speaker of the day, Dr. Bert Foster, rector of St. Mark's Episcopal Church of Upland, was introduced and given a hearty welcome. His address on Child Welfare was greatly enjoyed by all.

At noon the meeting adjourned to the dining-room of the First Christian Church of Ontario, where the church ladies served a delicious luncheon, in their usual tasty way.

The meeting of the afternoon was called to order at 2 o'clock, and there being no further business, was given in charge of the patriotic instructor, who first asked for remarks from the several G.A.R. posts represented.

IN THE SHADOW

Mrs. Maria Bergman died Thursday morning at 6 o'clock at the home of her son, William Bergman, 238 Sixth Avenue, at the age of 79 years. She had been ill for some time, and death was not unexpected.

Funeral services will be held at the Mennonite Church on Saturday at 2 o'clock, Rev. J. C. Mehl and Rev. John Lichti officiating. Arrangements are in charge of J. B. Draper.

Mrs. Bergman leaves four children, all residents of Upland, Mrs. E. H. Haury, Anna Bergman, Gustave Bergman, William Bergman.

MRS. AVERY DEAD

Mrs. Lois Ann Avery, mother of Miss Lois LeBaron Avery, head of the English Department at Chacey High School, died Tuesday at her home, 521 North Laurel Avenue, Ontario, at the age of 74 years. Mrs. Avery had been ill with a heart affliction for some two months. She had resided in Ontario for the past ten years.

Besides the daughter here, Mrs. Avery is survived by one son, John Avery, of Los Angeles.

Funeral arrangements are in charge of J. B. Draper. Services will be held Monday morning at ten o'clock at Christ Episcopal Church, with the Rev. Richard H. Gushee, rector, officiating. Interment will be in Bellevue Cemetery.

OBITUARY

W. Jacob Schaefer was born in the town of Schonborn, Germany, on August 9th, 1847, and died April 9th, 1925, aged 77 years and 8 months, at his home in Chino, California. In 1861, at the age of 14, he came to America with his sister and located at Milan, Ohio. In 1874 he was married to his present wife, Miss Elizabeth Loos, also a native of Germany. To this union were born six children, four of whom survive him: William F., Henry F., and J. Jacob, all of whom are living at the Chino home, and one daughter, Mrs. Sophia Lake, also living in Chino.

Two brothers survive him: William Schaefer, of Detroit, Mich., and Charles Schaefer, of Norwalk, Ohio, and one sister, Mrs. Sophia Behrens, of Milan, Ohio. Mr. Schaefer was converted when a young man and has always taken an active part in religious services. In 1910 he united with the Brethren in Christ Church in Upland, and since then has also been an earnest and faithful Christian, scarcely ever missing one service until his last sickness, which began a little over four months ago. The remaining relatives desire to express their sincere thanks for the kindness and sympathy shown them during this sad bereavement.

Two-tenths of one per cent was last month's decrease in the cost of living. Try to find it.

LEGION NOTES

Comrade Herman F. Cordes passed the cigars to about 50 of his Buddies at the regular meeting of the Post Tuesday evening. One by one our old comrades fall for the ladies. The Auxiliary will doubtless have a new member, now.

Comrade Frank K. Nichols was appointed chairman of a committee to entertain our members and their friends at dance sometime this month. Watch this column for further notice of the event.

The widow of a Chino comrade will receive \$1500, instead of a few hundred, by getting the application for Adjusted Compensation filed before the death of her husband. The Chino Post of the American Legion were instrumental in this case, insisting that the application be filed. Upland Post, again, admonishes all ex-service men to file their application NOW, as it costs nothing but a little time and may give your family a good sized check.

Our Post has a safety deposit box at the bank and any member who wishes to keep any papers of value in it, may do so. Get in touch with the Adjutant.

Ye Editor of The Upland News has kindly given the Upland Post, No. 73, a column in his paper each Friday. Any items that you may think of interest to Legionnaires and their friends will be gladly published if you will send your copy to Comrade R. B. Bordwell by Thursday of each week.

Without a dissenting vote, the proposed \$20,000,000 farm and home loan bond issue sponsored by the American Legion, has been favorably recommended to the State Legislature for passage by the members of the Assembly Ways and Means Committee. The bond issue will come before the Legislators in the form of a constitutional amendment to be submitted to the people in 1926 along the same lines as the issue of 1922, which has encouraged 17,500 ex-service men to make application for farm and home loans from the state.

Comrade H. C. Moore advises us that National Headquarters of the American Legion has sent David O'Leary and Al Chase to California to act as Field Secretaries in the Legion's national campaign to raise \$5,000,000 for its child welfare work and assistance to the disabled veterans of the World War. California's quota is \$400,000 and solicitation of funds will begin about May 1. In the meantime the state will be organized to accomplish what President Coolidge and other national representatives have characterized as one of the greatest pieces of humanitarian service ever undertaken in this country. The new government hospital at Fillmore will be opened some time in May, which will relieve the matter of hospitalization to a great extent.

BUSINESS WOMEN MEET AT POMONA

(Continued from Page 1)

Emans had started her talk, the curious siren sounded, and Miss Emans, not having been in Pomona as late as nine o'clock before, waited for a moment, and then announced that Gabriel was tooting his horn, and she had better hurry with her speech. Out of the 58 business and professional women's clubs in the state, 37, stated Miss Emans, are in the south, between San Diego and Santa Barbara, and all were active organizations, helping one another to forward the interest of the business woman in every way.

A speaker that added greatly to the amusement of the evening was Miss Rosalyn Bates, district publicity chairman for the Southern District, who presented many facts in an attractive dressing, and impressed strongly on the feature of the program before the Rotary Club in weekly luncheon session yesterday afternoon at Hotel Casa Blanca and caused a riot of fun.

Earl Studley, feature chairman of the day, was responsible for the "stunt," which proved highly successful. The chairman called on Dr. J. H. Titus and W. W. Stevens to choose teams of four additional men each for the feature and it was the cause of much merriment.

Herman E. Abrahamson, musical novelty artist of Los Angeles, who is frequently heard on the radio, pleased the Rotarians with music produced with the use of a common saw and a violin bow, being accompanied on the piano by S. Earle Blakeslee.

Club members were indebted on this occasion to W. W. Stevens for a box of fine apples which were distributed at the luncheon. Mrs. Stevens gave an interesting birthday talk and George A. McGee gave a brief, but illuminating address on banking.

Howard M. Shattuck called attention of the Rotarians to the coming production by the Community Players of a program of three one-act plays at the Junior High School auditorium Tuesday and Wednesday evenings and urged the support of the club.

Fines for the day, which were unusually heavy, were turned over to the San Antonio Community Hospital Women's Auxiliary for use in beautifying the grounds of the institution.

the women that the only way to get publicity regarding the work of the various clubs was to give it to the newspapers; that the papers were glad to receive authentic news about the organization, and that there should be a publicity agent in each club whose business would be to write notices of the meetings, visits of state officials, and anything of interest to the general public as to what women are doing in the business world.

A charming speech of appreciation of the new president was given by Mrs. A. L. Fraser of San Diego, ex-president of the Federation. She also told her audience that the way to keep young was to be with people; isolation was a deadly thing, and while a club could be of some use locally, joining the Federation would add new life.

Mrs. C. V. Calhoun and Mrs. W. Clark Roloff, presidents of the Upland and Ontario clubs, both gave short addresses.

Previous to the speeches a delicious four-course dinner was served under the direction of Mrs. B. H. Spicer, and a delightful musical program rendered during the meal. Artists were Miss Dorothy Adamson who played the saxophone; Miss Eleanor Jones, vocal solos; Miss Marjorie Trickey, piano solos; all of Pomona; Miss V. Humphries, Mrs. C. K. Francisco, Mrs. E. Burton, Miss Grace Adair, Miss Lillian J. Williams, Miss Eleanor Schapp and Miss Ruth Griffith, Sr., and Miss Ruth Griffith, Jr., of Santa Ana, guests of Mrs. Calhoun.

Pioneer's Funeral Today
Funeral services for Mrs. Louise Oley Garbutt, widow of the late Isaac Garbutt, and pioneer Ontario, who died Wednesday at her home in Los Angeles, were held this morning at 10 o'clock at the family residence, 4350 Victoria Park Drive, that city. Dr. E. A. Healey, former Ontario pastor, officiated. The remains were brought to Ontario for interment and there were services this afternoon at 1 o'clock in Bellevue cemetery. J. B. Draper was in charge of the funeral.

Mrs. Garbutt is survived by two daughters, Mrs. Clara Garbutt Turner and Miss Margaret Garbutt; and two sons, Fred H. and Bernard Garbutt.

DEFINED AT LAST

Jimmy is three years old and very fond of telling his dreams at the breakfast table. One morning his father, thinking to apply an intelligence test, said: "But, Jimmy, I don't believe you know what a dream is."

Jimmy's answer came quick and sure: "Yes, I do. It's moving pictures while you're asleep."—The Congregationalist.

The ZONE of KELVINATION

Just a few degrees below the temperature of an ordinary ice-box is a colder zone that affects the keeping of food in a remarkable way. It is the Zone where moisture crystallizes out of the air as frost, leaving the atmosphere dry, crisp and snappy. At this lower temperature the air takes on a frosty "zing." This is the Zone of Kelvination, produced by Kelvinator electric refrigeration.

Fits Any Refrigerator
Kelvinator Electric Refrigeration can be placed in any refrigerator. From that time on you simply forget refrigeration. Your refrigerator actually keeps itself cold, without attention. The current it consumes costs less than the ice you now use.

Actually Improves Food
Foods placed in the dry, cold Zone of Kelvination not only keep fresh but really improve. Green salads and vegetables, for example, "crisp up" until they almost fall apart under the fork. Meats mellow and acquire that delicious tenderness that is the mark of every housewife. Truly, Kelvinated foods are delightful.

The Kelvinator—\$250
The Kelvinator is a compact refrigerating unit for small homes and apartments selling for \$250 (C.A. Detroit). It is Kelvinator and refrigerator, all in one. It is delivered to your home like an ordinary refrigerator, and requires only an electric connection. The Kelvinator is ideal for the family of four or five.

The MAGIC TRAYS

in the Zone of Kelvination

Magic is the only word describing the trays that are a part of every Kelvinator Electric Refrigerating unit.

Fill them with water and the water freezes into perfect cubes of ice, just right for cooling beverages. Color the water and you get brilliantly colored ice that sparkles in the glasses.

Fill the trays with fruit juices and the resulting sherbets are delicious. Use the fruit itself and you will get tempting whole-fruit ice. Frozen custards, salads, cocktails and many other delicacies are just as easily prepared.

The magic of the trays is only one of the really marvelous features of Kelvinator electric refrigeration. A few are described in column at the left.

We will gladly explain Kelvinator and show you how easily it can be placed in your home. Phone or call.
